

Homeowner Insurance Request

Evidence of HO6 Policy Coverage Required

Per Hawaii Revised Statutes 514B, associations can require unit owners to provide insurance coverage for their personal exposures. Atlas Insurance handles the master insurance policies for **Makena Surf AOA** and also tracks each owner's personal Homeowner's Insurance coverage (HO-6).

As your insurance policy expires each year, the AOA requires each owner to provide the AOA office with a copy of the updated policy each year upon renewal, even if there are no changes to the policy.

Please send a copy of your homeowner's insurance declarations page or have your agent send the declarations page, showing your policy effective date and limits. **If you do not provide proof of your personal insurance (HO-6) within 3 months of your policy expiring, a policy may be purchased on your behalf and charged to your account.** You will be contacted in writing if the association decides to purchase a policy on your behalf.

Please email, fax, or mail your HO6 declarations page or proof of insurance certificate to us.
